COORDINATED WANT LIST OF SOVIET PUBLICATIONS

Attached hereto is a list of U.S.S.R. publications which are desired by the several Washington Federal agencies contributing to PROCIB. Certain of these titles were denied for export as early as 1947, while others were refused on a subscription basis in subsequent years. It is possible that some of the serial publications may have ceased publication. However, the necessary confirming information to that effect has not been available. In other instances, only scattered issues of a given title have been received.

Any items on the attached list that can be procured will enhance the present availability and use of U.S.S.R. publications.

The attached list may be considered unclassified after removing this cover sheet.
